THAT HAVE ENGAGED MONICA TO FIND
INSPIRATION, A SPARK AND A FUTURE!

The secret for transition or complete transformation is simpler than most of us think... "it doesn't take big grants, the perfect idea or years of planning to kick start change." Using **intrapreneurship**, facilitator Dr. Monica Knight illustrates what it takes to successfully launch an idea, a solution, or an economic activity and move it forward. Based on her Ph.D. work and a proven track record in Saskatchewan (Gravelbourg: *A Touch of Europe*, Saskatoon: *Ubuntu House*) and in Alberta (Cactus Corridor: *All Aboard*, Brooks and Newell County: *Welcoming and Inclusive Communities*), Monica skillfully weaves her presentation strategies for collaborative partners and groups to focus on common goals and realistic ACTION.
